STATEMENT OF OBJECTS AND REASONS.

For the proper development of the body and the soul, the labour, like any other human being, are required to inculcate a spirit of healthy community and social life, and for this, it is necessary for them to have reasonable scope and opportunity for various forms of recreation and entertainment, games and sports, excursions, tours and other activities of corporate nature. The need was being felt for long for constituting a statutory Labour Welfare Fund with a view to promoting the aforesaid activities and other forms of welfare for the labour and their dependants. The matter was considered by the Committee on Labour Welfare set up by the Central Government, and this committee recommended setting up of statutory Labour Welfare Fund under a tripartite board in each State for promoting labour welfare in the appropriate manner. In the States like Maharashtra, Punjab, Gujarat and Karnatak, statutes for this purpose have already been enacted. This Government also propose to accept the recommendation of the aforesaid committee and hence this Bill providing for constitution of a Labour Welfare Fund under a tripartite board to be utilised for specified labour welfare measures. At the initial stage, the factories, tramways, motor transport undertakings and commercial establishments employing not less than ten persons are proposed to be covered, but powers are conferred on the State Government to extend the statute to other establishments by order.

FINANCIAL MEMORANDUM.

In terms of sub-clause (*2*) of clause 9 of the Bill the State Government is required to contribute to the Labour Welfare Fund to be constituted under sub-clause (*1*) of clause 3 thereof at the rate of Re. 1 per annum for every workman employed in an "establishment". The total number of employees working in "establishments" covered by the Bill, in terms of clause 2(*5*) thereof, is computed to be about 11 lakhs. The total amount of annual expenditure from the State Exchequer is, therefore, likely to be about Rs. 11 lakhs. This will be a recurring expenditure and will vary according to rise or fall in the number of employees.

2. Under clauses 15 and 16 of the Bill Government will appoint a Welfare Commissioner and some Inspectors. No precise estimate of expenditure on this account is possible at this stage. If and when any expenditure on this account is incurred for administration of the legislation when enacted, State Government shall go to the Legislature through normal budget for sanctioning the necessary expenditure.

4. In section 14Q of the said Act, after sub-section (*2*), the following sub-section shall be, and shall be deemed always to have been, inserted, namely:—

"(*2A*) In determining the ceiling area of a trust or institution of a public nature, established exclusively for a charitable or religious purpose or both, the number of its centres or branches in the State established before the 7th day of August, 1969, which do not hold any land as a *raiyat* shall be taken into account and each such centre or branch shall be deemed to be a *raiyat* for the purpose of clause (*e*) of sub-section (*1*) of section 14M so, however, that the ceiling area of such a trust or institution shall not exceed the sum total of the ceiling areas of each such centre or branch and of itself.".

8. After section 23B of the said Act, the following section shall be inserted, namely:—

"Partial application of section 23B to the hilly portion of the district of Darjeeling.

23C. The provisions of section 23B other than those contained in clause (*a*) of sub-section (*1*) thereof shall not apply to any land in the hilly portion of the district of Darjeeling referred to in clause (*b*) of section 14R, where the *raiyat* shall, subject to the provisions of clause (*a*) of sub-section (*1*) of section 23B, pay revenue at the same rate at which it was payable in respect of the holding immediately before the commencement of the West Bengal Land Reforms (Second Amendment) Act, 1969.". Act XX of 1949.

(*a*) divide the holding or tenancy, as the case may be, so as to constitute separate holdings or tenancies for the agricultural land and the non-agricultural land;

(*b*) apportion the existing revenue or rent, as the case may be, between the holdings and the tenancies so constituted, on the basis of area; and

(*c*) record the non-agricultural tenant holding any agricultural land, whether under a superior tenant or not, as a *raiyat* holding directly under the State.

(*5*) There shall be a separate *khatian* for each *raiyat* and the *khatian* shall include all lands held by such *raiyat* in one *mauza*.".

Amendment of section 51A.

11. In section 51A of the said Act, in sub-section (*9*), the words "until it is proved by evidence to be incorrect" shall be omitted.

Amendment of section 51C.

12. Section 51C of the said Act shall be re-numbered as sub-section (*1*) of that section and after sub-section (*1*) as so re-numbered, the following sub-section shall be added, namely:—

"(*2*) No Civil Court shall entertain any suit or application concerning any land if it relates to alteration of any entry in the record-of-rights finally published, revised, corrected or modified under any of the provisions of this Chapter.".

STATEMENT OF OBJECTS AND REASONS.

It has become necessary to amend the West Bengal Land Reforms Act, 1955, to provide for—

(a) maintenance and preservation of orchards ;

(b) enlargement of the definition of "irrigated area" so that fresh lands coming under irrigation after 1377 B.S. as also lands irrigated by State river-lift irrigation projects can come under the definition ;

(c) determination of the ceiling area in respect of a trust or institution of a public nature, established exclusively for a charitable or religious purpose or both by taking into account the number of its centres or branches established prior to the 7th August, 1969, the date referred to in section 14P ;

(d) minimising the scope of vesting of portions of plots in the State ;

(e) exclusive jurisdiction of the officer or authority mentioned in sub-section (*1*) of section 18 to decide the question as to whether a person is or is not a *bargadar* so that cultivation by a *bargadar* cannot be terminated through recourse to Civil or Criminal Courts;

(f) partial application of the provisions of section 23B to the hilly portions of the district of Darjeeling so that while small *raiyats* owning not more than 1.214 hectares of land on a family basis will get the benefit of exemption from revenue, there will not be any re-assessment of revenue under that section in cases of those *raiyats* who are not so exempted ;

(g) withdrawal of restrictions imposed on attachment and sale of movable properties and of immovable properties other than homestead in execution of certificates for recovery of arrears of revenue ;

(h) splitting up of mixed *khatians* comprising agricultural and non-agricultural lands so as to constitute separate holdings or tenancies, as the case may be, apportionment of the revenue or rent on the basis of area, recording of a non-agricultural tenant holding agricultural land as a *raiyat* and preparation of record-of-rights on one man-one *mauza-one khatian* basis ;

(i) bar to the jurisdiction of civil courts in matters relating to alteration of any entry in the finally published record-of-rights; and

(j) other ancillary matters.

2. The Bill has been framed with the above objects in view.

CALCUTTA,
The 5th March, 1974.

GURU PADA KHAN,
Member-in-charge.

FINANCIAL MEMORANDUM.

Clause 8 of the Bill seeks to extend special concession to the *raiyats* in the hilly portion of the district of Darjeeling. There will be no re-assessment of revenue and no surcharge will be required to be paid. The *raiyats* who are not exempted from paying revenue will continue to pay revenue at the same rate at which it was payable immediately before commencement of the West Bengal Land Reforms (Second Amendment) Act, 1969. The amount of additional revenue which would have been available had the revenue in the hilly areas been re-assessed, cannot be estimated correctly as no such re-assessment had actually been done. It is, however, expected that the loss in the anticipated revenue in the hilly areas of Darjeeling would be more or less compensated as a result of enlargement of the definition of "irrigated area" proposed to be made by clause 3 of the Bill and consequent re-assessment of revenue in such areas.

(*a*) in sub-section (*1*), for the words "A fee of ten rupees", the words "Such fee, not exceeding one hundred rupees, as may be prescribed" shall be substituted ;

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is, *inter alia*, to enhance different rates of fees under the West Bengal Lifts and Escalators Act, 1955 (West Ben. Act V of 1955), so as to cover the expenditure of the Lifts and Escalators Wing of the Directorate of Electricity, West Bengal, as the fees realised under the said Act during the last decade fell far short of the expenditure incurred in connection with the administration of the said Act. The amendments proposed in the Bill are made in such a way that for further enhancement of fees in future, subsequent amendment of the Act itself would not be necessary and only modification of the rules thereunder would suffice.

The Bill also seeks to amend the present Act to provide for conversion of Food Pound Second Unit used in the said Act into Centimetre Gram Second Unit as required in terms of the West Bengal Standards of Weights and Measures (Enforcement) Act, 1958 (West Ben. Act XXIII of 1958).

FINANCIAL MEMORANDUM.

The revised rates of different fees are expected to yield not only the present expenditure but are also expected to yield a surplus of Rs. 16,000 *per* annum which would meet the cost of future expansion of the activities of the Lifts and Escalators Wing of the Directorate of Electricity, West Bengal

Now, therefore, in pursuance of the provisions of sub section (1) of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Governor is pleased hereby to publish the said award as shown in the Annexure hereto.

ANNEXURE

Arbitration Award in the matter of an industrial dispute between the owners of (1) Ujjala and (2) Purabi Cinemas of 40/1 Mahatma Gandhi Road, Calcutta-9 and their workmen represented by the Bengal Motion Picture Employees' Union, 13/1 Creek Lane, Calcutta-14.

BEFORE ARBITRATOR

Present :

Shri N. C. KUNDU,

Additional Labour Commissioner,

West Bengal and Arbitrator.

Government of West Bengal in the Labour Department, order No. 413-I.R./IR/11L-14/73, dated 25th January 1973, published the Arbitration Agreement as shown in Annexure 'A' hereto under sub-section 3 of section 10(A) of the Industrial Disputes Act, 1947, between the owners of Ujjala and Purabi Cinemas (hereinafter referred to as the Employers) and their workmen represented by the Bengal Motion Picture Employees' Union (hereinafter referred to as the Workmen), as the said parties agreed to refer the dispute in question to Arbitration by me.

The said Arbitration Agreement between the employers and the workmen referred to the following specific matter of dispute to Arbitration :

Issue

Grades and Scales of Pay of the employees of the abovenoted two Cinema Houses.

The employers and the workmen were first advised to file their respective written statement. The Bengal Motion Picture Employees' Union submitted its written statement on 19th October 1973 and the employers submitted their written statement on 9th August 1973. The parties were thereafter heard on 26th October 1973 on which date both the parties submitted various documents and materials. Both the parties agreed for the expeditious disposal of the case that there will be no further hearing and that the parties will submit written arguments. They submitted their respective written arguments in due course.

It was argued on behalf of the owners of the Cinema Houses that in the present case the capacity of the industry to pay must be a factor in determining pay scales of the workers and that any pay scales introduced without taking into consideration the paying capacity may be harmful for the existence of the Cinema Houses. They further stated that the owners of the Cinema Houses cannot pass on the increased cost to the cinema-goers and as such no further burden can be imposed on them by way of introduction of grades and scales of pay.

The representatives of the workmen argued that the wages of the employees in the Cinema Industry were poor. They had been trying for the last few years to have grades and scales of pay introduced and for this purpose negotiations were held between the parties at bipartite level and also at tripartite level. They asserted that the Cinema-owners had their capacity to pay better wages.

The owners of Ujjala and Purabi Cinemas submitted their accounts for the last five years. On a consideration of the financial aspects of the two Cinema Houses it appeared that the owners were in a position to bear a further burden in the shape of grades and scales of pay. The workmen's demand for introduction of grades and scales of pay is a longstanding one. It should have been fixed up in the meantime.

Taking into account the capacity of the industry to pay fix up grades and scales of pay (basic) as given in Annexure 'B'. Bearing in mind the financial burden that will be involved as a result of introduction of grades and scales of pay, and fully realising justifiability of the demand of the workmen, I have made out a moderate grades and scales of pay of the two Cinema Houses, i.e., Ujjala and Purabi.

The next question is fitting in of the employees in the grades and scales of pay laid down by this award. The determining factor will be the existing basic pay with which the ad hoc *minus* variable dearness allowance linked up with the Consurmer Price Index Number will be merged with effect from 1st September 1973. Where the basic pay with the ad hoc thus merged is less than a particular stage in the time scale as per this award, it will be pulled up to the next higher stage in the scale. Thereafter, an increment will be given to the employees according to the awarded scales. As for the further years increment will be granted in the same month of a year according to the prevailing custom in each of the houses, i.e., if Cinema 'X' has given last increment in a particular month, the next increment in the grade and scale under this award will be due in the same month of the next year. The grades and scales of pay will be given effect to from 1st September 1973. The ad hoc payment made prior to September 1973 will be written off by the employers which will mean that the employees claim in respect of rise in the Consumer Price Index Number and increment has been squared up.

The existing dearness allowance as linked up with the variation in the Consumer Price Index Number will continue and the same remains untouched.

I award that the employers will take action accordingly.

Calcutta,
the 31st January 1974.

N. C. KUNDU,
Additional Labour Commissioner,
West Bengal and Arbitrator.

Present:

Shri N. C. KUNDU, Additional Labour Commissioner, Government of West Bengal and Arbitrator.

Government of West Bengal in the Labour Department, order No. 1217-I.R./IR/11L-14/71, dated 12th February 1973, published the Arbitration Agreement as shown in Annexure "A" hereto, under sub-section 3 of section 10(A) of the Industrial Disputes Act. 1947, in respect of industrial dispute between Messrs. Exhibitors Syndicate Private Limited, in respect of their cinemas, viz., Uttara and Sree (hereinafter referred to as the Employers) and their workmen represented by (a) North Calcutta Cinema and Stage Workers' Union and (b) the Bengal Motion Picture Employees' Union (hereinafter referred to as the workmen), as the said parties agreed to refer the dispute in question to Arbitration by me.

The said Arbitration Agreement between the employers and the workmen referred the following specific matter of dispute to Arbitration:—

Issue

Grades and Scales of Pay of the employees of the abovenoted Cinema Houses."

The employers and the workmen were first advised to file their respective written statements. The employers and the two Unions on behalf of the workmen submitted their written statements by September 1973. The parties were thereafter heard on 18th October 1973 and 26th October 1973. Shri S. N. Bose, Manager, Uttara and Sree Cinemas was present and Shri D. Dasgupta and Shri Shibnath Chatterjee were present for the workmen.

Both the employers and the employees agreed in course of hearing that they would not produce any evidence to prove their respective stand. They agreed to submit written arguments. Accordingly hearing was closed on 26th October 1973.

It was argued on behalf of the owners of the Cinema Houses that in the present case the capacity of the industry to pay must be a factor in determining pay scales of the workers and that any pay scale introduced without taking into consideration the paying capacity may jeopardise the very existence of the Units, which would ultimately lead to unemployment. They further stated that the owners of the Cinema Houses cannot pass on the increased cost to the cinema goers, and as such no further burden can be imposed on them by way of introduction of grades and scales of pay.

The representatives of the workmen argued that in the Cinema Industry wages were stagnant and there was scope for enhancement. They further stated that by endorsing the Arbitration Agreement the employers had agreed to meet the additional burden and that the only purpose before them was to determine the grades and scales of pay. They submitted that the house-full capacity of a House had increased from Rs. 18,699 to Rs. 21,693 per week, which indicated that the income of the Cinema was flexible.

Messrs. Exhibitors Syndicate Private Limited did not submit Profit and Loss Account and Balance Sheets for the years 1969-70 and 1971-72 on behalf of the two Houses, viz., Uttara and Sree. According to the representatives of the workmen the employers' income from the two Cinema Houses in question were guaranteed. it did not depend on the box office collection of the tickets, i.e., the houses earn weekly rental/protection from the distributors. Rise and fall in the sale of tickets did not affect the income of the Cinema Houses. Besides the rental/house Protection the Cinemas earn substantially from the following sources on fixed rental basis:—Ultra shorts, slides, stalls and restaurants in the premises, rent from the shops, banks in the premises, noon shows and charity shows. In the meantime the employers in question by readjustment of seats and enhancing rates of admission increased their income by enhancing the house rentals/ house protection and thereby increased their profits. In the circumstances they argued that there was no chance of incurring loss by way of the Cinema Houses.

From the statements submitted by the employers it appeared that the following were the exhibitors share:

	Sree Rs.	Uttara Rs.
1970 71	3,57,044.91	3,47,000.50
1971-72	3,40,380.35	3,86,786.20

On a consideration of the financial aspect of the employers it appeared that they were in a position to bear the burden of additional cost in the shape of grades and scales of pay. Taking into account the capacity of industry to pay I fix up grades and scales of pay (basic) as given in Annexure "B". The workmen of the Cinema Houses have long been agitating for introduction of grades and scales of pay and for that purpose bipartite and tripartite discussions were also held beforehand. Bearing in mind financial burden that will be involved as a result of introduction of grades and scales of pay and fully realising the justifiability of the demand of the workmen for grades and scales of pay, I have made out a moderate grade and scale of pay for the two Cinema Houses, viz. Sree and Uttara.

The next question is fitting in of the employees in the Wage Scales laid down by this award (as shown in Annexure "B"). The determining factor will be the existing basic pay with which the ad hoc minus variable dearness allowance as linked up with the Consumer Price Index Number, will be merged with effect from 1st September 1973. Where the basic pay with the merged ad hoc is less than a particular stage in the time scale, it will be pulled up to the next higher stage in the scale. Thereafter, an increment will be given to the employees according to the awarded scale. In future annual increment will be granted in the same month of a year according to the prevailing custom in each Cinema, i.e., if Cinema 'X' has given the last increment in a particular month the next increment in the grade and scale under this award will be due in the same month of the next year. The grades and scales of pay will be given effect from 1st September 1973. The ad hoc payment made prior to September 1973 will be written off by the employers and this will mean that the employees' claim in respect of rise in the Consumer Price Index Number and increment will be squared up.

The existing dearness allowance as linked with the variation in the Consumer Price Index Number will continue and the same remains untouched.

I award that the employers will take action accordingly.

Calcutta,
The 30th January 1974.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute existing between Messrs. Hindusthan Motors Ltd., Uttarpara district Hooghly and their workman Shri Santi Mukherjee, S/5/10 Sapui Para, Government Quarter, P O. Sapuipara, district Howrah, to this Tribunal by its order No. 9675-IR, dated 15th December 1969, for adjudication upon the matter under section 10 read with section 2A of the Industrial Disputes Act, on the following issue :

Issue

Whether the termination of service of Shri Santi Mukherjee is justified ? To what relief, if any, is he entitled ?

This is a reference of an existing industrial dispute between Messrs. Hindusthan Motors Ltd., and their workman Shri Santi Mukherjee under section 10 read with section 2A of the Industrial Disputes Act. The reference is dated 15th December 1969. The issue relates to termination of service of the said workman and is covered by the aforesaid issue under reference.

After service of notices, the parties appeared and filed their respective written statements. Shri P. P. Pathak was authorised by the workman to represent him in the case. The Company was represented by Shri T. K. Ghosh.

The workman's case as contained in the written statement is briefly as follows :

He had been working as Store Clerk in the factory of the Company at Uttarpara and he put in well over 8 years of service with spotless record. But by a letter dated 25th January 1968, the Company terminated his services on the plea that he was absent for more than 10 calendar days. The grounds stated in the letter of termination of service which was marked Annexure 'A' to his written statement were, however, all incorrect, as he attended his duty on 13th January 1968. It is also incorrect to say that he was absent without intimation. By a letter, dated 16th January 1968, sent under certificate of posting he sent due intimation to the Company that he would be out of station from 15th January 1968 to 31st January 1968 and prayed for necessary permission. A copy of the said letter has been marked Annexure 'B' to his written statement. Against his illegal termination of service he submitted written representation to the Assistant Factory Superintendent by his letter, dated 12th February 1968. The Company, however, failed to give him any relief. Even thereafter, he made series of representations but the same also met with the old fate. So, an industrial dispute was raised before the Conciliation Officer, Serampore, by the letter, which has been marked Annexure 'C' to his written statement. The Conciliation Officer tried his best to pursue the management to take him back, but in vain. Hence, this reference. He says that the action of the Company is illegal, unjust, arbitrary and highly shocking and has also been done with an ulterior motive. Accordingly, he prays before this Tribunal to reinstate him with full compensation for the period of forced unemployment.

The case of the Company as stated in their written statement is on the other hand briefly as follows :

They deny that the delinquent workman put in services with spotless record. They refer to the letter, dated 25th January 1968, which has been marked Annexure 'A' to the written statement of the workman to speak for itself regarding its real scope, purport and effect. Their positive case was that the workman was absent for more than 10 days without permission and/or sanction and/or authority of the management of the Company since 13th January 1968. So, he was deemed to have left the service and lost his lien thereof in terms of the Certified Standing Orders of the Company and he was duly intimated about the same by the aforesaid letter. It was denied in particular that he was present on the 13th January 1968 or had sent or the Company has received any letter, dated 16th January 1968, as alleged or at all or any leave was ever sanctioned by the Company to him. They denied that there was any illegal order of termination of his service. They assert on the other hand that it was an automatic termination of the service under the conditions of service which included the Certified Standing Orders of the Company.

The Company filed a petition on 11th November 1971 stating that the dispute under reference is not maintainable in law, in view of the judgment of the Hon'ble High Court passed by his Lordship Shri S. P. Mitra, as he then was, and is liable to be dismissed. But subsequently, on 16th January 1974 they did not press this petition in view of the appeal judgment of the Hon'ble High Court setting aside the aforesaid order of the Hon'ble Justice Shri S. P. Mitra, as he then was.

In this case only the workman has deposed from his side, whereas from the side of the Company one Shri O. P. Jhunjhunwala, Assistant Material Control Manager, Shri B. N. Dhoot, an employee in the Kardex Department and Shri M. B. Prosad, Personnel Officer, have deposed. Besides, a number of documents have been exhibited from either side.

The only point for decision or adjudication is whether the termination of services of Shri Santi Mukherjee is justified.

Company's contention is that there has been automatic termination in the employment of the workman as he absented himself from duty without their permission for more than 10 calendar days according to the provision of sub-clause (a) of clause (4) of section 3 of their Standing Orders, Ext. D. The said clause enjoins that any workman who absents himself without permission for more than 10 calendar days shall be deemed to have left the service of the Company of his own accord. So the next question is whether this workman absented himself without permission of the employer for more than 10 calendar days.

The Company by their letter, Ext. 1, communicated this fact to the workman and stated in the said letter that the workman was absent without intimation from 13th January 1968. This letter was dated 25th January 1968. That the contention of the Company regarding the workman's not working on 13th January 1968 is not really based on fact is not far to seek. The workman has produced the photostat copy of L. B. O. F. Form which has been marked Ext. 5. He mentioned his document in all its details in his letter addressed to the Company on 12th February 1968 after receipt of the termination notice. The said letter has been marked Ext. 1(a). In the said letter he asserted that he worked in the Kardex Department, his latest place of work, on that day but could not sign in the Attendance Register because it was not brought to him, from the General Stores Department, which is located inside the factory premises. He further asserted that this was the system as per an order of Shri A. K. Dey, Material Control Manager, as he was not allowed to go inside the factory premises for signing the Attendance Register, for reasons known to him or them. Of course, there has been a denial from the side of the Company's witness, namely, Shri M. B. Prosad, D. W. 3. He says that each department has its own Attendance Register, which is kept in that department.

But in the absence of Shri A. K. Dey, whose order the workman has referred to, I find no reason to disbelieve the workman's contention that the Attendance Register could not be signed by him as it was not brought to him from inside the factory premises in the General Stores Department, wherein he had no access.

Even leaving aside the Attendance Register the broad fact is well established that the workman worked on that day in the Kardex Department because the aforesaid photostat copy of L. B. O. F. Form fully establishes his contention. Shri B. N. Dhoot no doubt tried to deny his signature or initial in the said document, but I fail to place any reliance upon his testimony. The said document clearly shows from the signature of the workman appearing at the bottom of the document that he in fact worked on 13th January 1968 in the Department. Finding difficulty, however, the employer wanted to explain the same way through the mouth of the witness Shri B. N. Dhoot by saying that the workman, which in the instant case is presumably the delinquent, prepared the advice on the basis of the rejection tag by putting the next date as the date of the advice and that the same is sent to the party on the date mentioned in the advice. The Company has not, however, produced any rule or order in support of such an unusual practice, namely, putting of an advanced date in a document. The Company, Shri B. N. Dhoot says, was only in the know of the system of giving such advanced date. So, presumably, the Company did not give any such authority. No other corroborating evidence has also been produced in support of such an unusual practice. In the letter of the workman referred to earlier the workman categorically stated with reference to the details of the L. B. O. F. Form that he worked on that day, but the reply to the said letter was altogether silent regarding any such system and also regarding many other vital allegations raised by the workman therein.

I, therefore, conclude and that quite unhesitatingly that the workman in fact worked on 13th January 1968 which was a Saturday after signing in the L. B. O. F. Form Ext. 5 and that the Company's contention about the system of giving advanced date in such form and about the alleged non-genuineness of signature or initial of Shri B. N. Dhoot have no legs to stand upon. So, the fact remains that the Company's contention of the workman's not working or absenting without permission on 13th January 1968 is not found to be true.

Now the next question is whether the workman has incurred penalty of automatic termination of service by remaining absent from 15th January 1968.

The workman absented himself from work without any leave application on 15th January 1968, but he applied for leave through post from that day on 16th January 1968. The certificate of posting Ext. 3 shows that. He posted the leave application on 16th January 1968. Under the law it can be presumed safely that this letter of leave application correctly addressed, and stamped in due course reached the hands of the addressees, namely, the Factory, Manager, Hindusthan Motors Ltd., Uttarpara, Hooghly, who was obviously the leave sanctioning authority in this case. From the side of the Company it has no doubt been denied that they were in receipt of this letter (vide also the testimony of Shri M. B. Prosad, D. W. 3). But I fail to attach importance to this denial from the side of the Company when I find that they denied even the notorious fact that the workman worked in the department on 13th January 1968 and also when I find that the Company did not challenge the relevant averments of the workman made in his letter, Ext. 1(a). The Company did not also produce its register of letters received showing that no such letter or leave application from the workman was received by them. So in my opinion, the presumption is therefore not rebutted by this denial. I accordingly hold that the Company received the leave application, but did not give any reply thereto either allowing it or rejecting it. The Standing Order enjoins in clause (j) of section G that in cases of urgent nature, of which the letter itself contains mention, besides the contract of the workman, the Manager or any Officer empowered by him in this behalf shall issue order on such leave application immediately and that the decision of the Manager shall be communicated to the applicant in writing. So, when this was not done the only natural inference is that the Company did not reject the leave application. In otherwords, it must be presume that the leave was granted. The workman no doubt stated in his cross-examination that against every period of absence of the workman there must be a sanction of leave for such absence. But for reasons stated it could not be said that there was no sanction of leave for the absence. Moreover, the letter communicating the automatic termination of employment was dated 25th January 1968. So, from that point of view also it is found that there was no clear absence of more than 10 days, if we, which we must do, exclude the two intervening Sundays and also 25th January 1968 the day the letter was addressed. It is not a case of absence without permission, not exceeding eight consecutive days which constitute a major misdemeanour according to the Standing Orders. The workman has not been charged with such a misdemeanour and also not subjected to any enquiry prescribed for the purpose. The learned Counsel for the Company placed before me a certain decision of the Hon'ble High Court at Calcutta arising out of Civil Rule No. 775(W) of 70. The facts of that case were however altogether different. In that case the workman went on leave disobeying the employer's direction to appear before a Medical Board and therefore, obviously against the order of refusal of that leave. So, that case does not help the Company before me in this case.

It cannot but therefore be concluded that there has not been any automatic termination of employment for any unauthorised absence of

more than 10 days in the instant case, as erroneously communicated by the employer by their letter. dated 25th January 1968. The workman has not, therefore, lost his lien in the service or his right to get reinstatement with back wages.

Before conclusion, it should, however, be noted that the contention of the Union that the Standing Order is not applicable to this as not being the Standing Orders of the Company has no force in it. The Standing Order shows that this is also the Company's Standing Order. The letter Ext. F, which is duly certified, shows that the Company in reference is a member-firm of the Engineering Association. The testimony of the Personnel Officer Mr. Prosad also shows that. Clause (4) of section 3 of the Industrial Employment Standing Orders Act also enjoins that a group of employers of a similar establishment may submit a joint draft of Standing Orders, as in the instant case, and section 13A of the said Act also provides for clarification regarding Standing Orders at the instance of either the employer or the workmen by moving the forum prescribed therein. I find, therefore, no hesitation in concluding that this is also the Standing Order of the Company in the reference and that it guides the relationship between this Company and the workmen in the reference.

It, therefore, follows from the discussions as above that the termination of the service of the workman was not justified. There is no case and evidence that the workman has been gainfully employed in the meantime. He is, therefore, entitled to reinstatement with all back wages as prayed for. I pass award on contest accordingly.

This disposes of the reference.

WHEREAS it is expedient to amend the Bengal Municipal Act, 1932, for the purposes and in the manner hereinafter appearing; Ben. Act XV of 1932.

It is hereby enacted in the Twenty-fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Bengal Municipal (Amendment) Act, 1974.

Amendment of section 66 of Ben. Act XV of 1932. **2.** In section 66 of the Bengal Municipal Act, 1932 (hereinafter referred to as the said Act)—

(*a*) to sub-section (*1*), the following proviso shall be added, namely:—

by the Commissioners without the prior sanction of the State Government.";

The Bengal Municipal (Amendment) Bill, 1974.

(Clause 3.)

(*b*) in sub-section (*2*),—

(*i*) for the word "approved", the word "determined" shall be substituted, and

(*ii*) for clause (*ii*) of the proviso, the following clause shall be substituted, namely:—

"(*ii*) no appointment to a post carrying a monthly salary of more than two hundred rupees or a salary rising by periodical increments to more than two hundred rupees shall be made without the prior sanction of the State Government and every dismissal from any such post shall be subject to confirmation by the State Government;"; and

(*c*) in sub-section (*3*), for the words "creation of and nomination to", the words "appointment to," shall be substituted.

Repeal and savings.

3. (*1*) The Bengal Municipal (Amendment) Ordinance, 1973, is hereby repealed. West Ben. ord. XII of 1973.

(*2*) Anything done or any action taken under the said Act as amended by the Bengal Municipal (Amendment) Ordinance, 1973, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 1st day of December, 1973.

STATEMENT OF OBJECTS AND REASONS.

Under section 66 of the Bengal Municipal Act, 1932, the municipalities in the State had the absolute power of creating posts where the salary or the maximum of the pay scale did not exceed Rs. 200 per month and of making appointments thereto without the sanction of Government. Though the municipalities were mostly over-staffed and running deficits, they frequently recruited additional hands by creating new posts without any regard for their financial stringency. Again, according to the judgment passed by the Calcutta High Court in 1971, the municipalities had also the power, under the said section, of revising the pay scales of their employees without the sanction of Government. Some municipalities had since revised the pay scales of their employees in such a way that their emoluments had been raised out of all proportions to the paying capacities of these local bodies. Thirdly, municipalities used to grant special pays and allowances at varying rates to their staff without any rational basis and thereby had been increasing their financial liabilities. And, lastly, by way of Puja relief, these local bodies had been making large scale ex-gratia payments annually to their employees notwithstanding the fact that there is no provision for making such ex-gratia grants in the Bengal Municipal Act, 1932 and that the municipalities have no money for the purpose. Further, to meet the increasing demands of employees for larger ex-gratia payments every year, the municipalities had been forced to divert Development Grants and other funds. These local bodies, on their own, are unable to stop or control such financially ruinous practices.

By using their legal powers widely and through imprudent financial management, as explained above, the municipalities had themselves brought about their financial doom. Disproportionately large expenditure on staff establishment which consumes most of the income of the municipalities, is their main financial trouble which renders them incapable of undertaking development works and providing due civic services to the rate-payers in spite of substantial financial assistance from the Government in the shape of subventions, grants and loans.

2. In the above context, Government considered it necessary in the public interest as well as in the interest of financial stability of the municipalities that the powers of creating any posts or revising the pay scales of the municipal employees or of granting special pays or allowances including ex-gratia payments to the municipal staff should be subjected to prior sanction of Government so that all municipal funds might not be unnecessarily spent on staff but a portion be utilized for the benefit of civic population. The Bengal Municipal (Amendment) Ordinance, 1973 (West Bengal Ordinance No. XII of 1973), was promulgated by the Governor and published on 1st December, 1973, to meet the purpose.

The object of the present Bill is to continue the provisions of the said Ordinance.

39. The provisions of this Act shall have effect notwithstanding anything to the contrary contained in any other law or in any contract, express or implied, or in any instrument and notwithstanding any custom or usage to the contrary.

STATEMENT OF OBJECTS AND REASONS.

The main objective of the Comprehensive Area Development Project is to bring about total development of agriculture and other allied matters including cottage industries of the State in a planned and phased manner in order to increase the production of agriculture, dairy, poultry, fishery and cottage industries, thereby removing the poverty of the villagers, attain economic self-sufficiency of the area and revitalise the rural economy of West Bengal. It is also the objective of the Comprehensive Area Development Project to ensure maximum benefits of such production to the poorer section of the State, such as, small and marginal farmers and also to reduce economic disparity amongst different persons. West Bengal is rich in natural resources; there is also huge idle man-power. The objective of the Comprehensive Area Development Project is to bring revolution in the rural economy of the country by engaging the idle man-power in the utilisation of resources hitherto untapped.

The benefits accruing from the programme will be additional yield of 29 lakh tonnes of clean rice valued at Rs.362 crores and increased production of jute, oilseeds, wheat, cotton, etc., through modernisation of agriculture, adoption of package of practices, extension of irrigation, and improvement of drainage, intensive supply of better inputs, co-ordination of different functional agencies and departments of the Government. In order to ensure fair and economic price to the cultivators radical improvement will be made in marketing, providing infra-structures, such as, roads, bridges and setting up of modern warehouses.

An increased yield of 29 lakh tonnes of rice will mean that the deficit of the State will not only be wiped out but also there will remain some surplus. Dependence of West Bengal on other States for pulses and oilseeds will also be minimised. The programme will generate additional full-time employment for 8.2 lakh persons. Per capita income of the bottom 70 *per cent.* of the chronically proverty-stricken peasant households composed of landless agricultural labourer families, share croppers, etc., owning no land or less than 2.5 acres per family will increase by at least 200 *per ecnt.*, thus covering the 9 lakh peasant households out of the total of about 12 lakh peasant households. By increased production of basic raw materials and setting up of a large number of cottage industries and opening of service centres, it will be possible to evolve a far closer union between industry and agriculture. The entire socio-economic picture of the villagers is also likely to change. The massive indebtedness of the agriculturists will be reduced to the minimum by opening Debt Settlement Boards, which will settle all outstanding debts.

2. The method envisaged for such radical transformation is entirely democratic. This State, the district and the project level bodies will formulate the policies and implement them for attaining these objectives. The District Planning Committees, Zilla Parishads, the District Magistrates, Principal Agricultural Officers and the Block Development Officers all have been involved in the programme by associating them closely with these committees. For this purpose they have been equipped with adequate powers which include capacity to borrow money from the financial institutions. The Project Director, who will be in-charge of the block of 10,000 acres will be the nucleus of the programme. He will have sufficient powers to ensure that the farmers follow the pattern of agricultural programme and utilise the resources placed at the disposal of the farmers and that full advantage of the improved infra-structure is taken.

3. The main strategy of the programme is to select compact blocks of 10,000 acres each by stages to cover the entire State gradually. The expenses for the District and State Level Organisations as well as the Project Head-quarters will be borne by the Government in the initial five years. Investment per block of 10,000 acres will be approximately Rs.2.30 crores.

In the matter of an industrial dispute between Messrs. Britannia Building & Iron Co. Ltd., Stephen House, 4 Dalhousie Square, Calcutta-1 and their workman Shri Prafulla Kumar Ghosh, 5/1 Nandalal Bose Lane, P. O. Baghbazar, Calcutta-3. (Case No. 137/70.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri L. M. GHOSH, Judge,

Fourth Industrial Tribunal.

By the Government of West Bengal, Labour Department, order No. 2554-I.R./KW/IR/10L-39/69, dated the 26th March 1970, an industrial dispute between Messrs. Britannia Building & Iron Co Ltd., Stephen House, 4 Dalhousie Square, Calcutta-1 (hereinafter referred to as the Company), and their workman Shri Prafulla Kumar Ghosh, 5/1 Nandalal Bose Lane, P.O. Baghbazar, Calcutta-3, was referred to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act, 1947, for adjudication, in respect of the following issue :

Issue

Whether the termination of services of Shri Prafulla Kumar Ghosh by way of his retirement is justified? To what relief, if any, is he entitled?

After service of notices both sides appeared and filed their written statements.

The case of the workman concerned, as contained in his written statement, is as follows :

The workman Prafulla Kumar Ghosh started working in the Company since the 2nd November 1944, in the capacity of Typist-cum-Clerk. He worked in that capacity till 31st October 1968. The terms and the conditions of employment of the employees were

governed by the award under the Order of Reference No. 150-Lab., dated 17th January 1948, and the period of operation of the said award has been only for one year. Subsequently, there was another Order of Reference for adjudication on the issues, dearness allowance and others. The Company has no rules of service relating to the age of retirement, but as a matter of practice the employees were put on retirement far behind the age of 55. Then there are some allegations regarding unfair labour practice on the part of the Company. In 1965, the workman concerned asked for a loan on account of meeting the expenses of marriage ceremony of his daughter, but the Company refused to grant him loan from his Provident Fund and compelled him to resign, and he was allowed to work with effect from the next date on the same salary and in the same capacity. Then by a letter, dated 8th October 1968, the workman has been put on retirement forcibly. This is characterised as unfair labour practice and victimisation as there is no service rule warranting retirement at the age of 55. It is further stated that although the Company got the employee retired it did not care to pay his legitimate dues in respect of gratuity, increment due and increased dearness allowance. The employee made representation to the Company, but no result was obtained. Next the conciliation efforts also proved fruitless. Finally, therefore, there was reference for adjudication. The workman prays for a declaration that the retirement effected is illegal and for other reliefs.

The Company first filed its written statement raising some preliminary points. It was mooted in that written statement that the dispute was not an industrial dispute according to the Act. The next point raised was that the workman concerned did not raise the dispute as envisaged by the Act. The third point raised was that the Government did not apply its mind to find out whether there was any industrial dispute. Later, the Company filed another written statement no permits. In that statement reference is first made to the letter, dated 9th October 1968, of the workman concerned. It is submitted that in that letter nowhere the employee stated that he was illegally or forcibly retired or that the Company adopted the policy of victimisation. It is next contended that the workman attained the age of retirement and so he was served with a notice of retirement. With reference to the cases where certain workmen were allowed to work beyond the age of 55, the answer of the Company is that it may be that some cases it has been extended but that is absolutely at the discretion of the management.

As I have mentioned earlier, the Company raised some points regarding the jurisdiction of the Tribunal as well as regarding the merits. By order No. 22, dated 2nd March 1971, my Predecessor-in-office decided that the preliminary objections raised by the Company would be considered at the time of award along with merits.

It seems that now the workman concerned makes the most grievance of the fact that he was retired prematurely. The submission in this behalf is that as there are no service rules concerning retirement, the decision to retire him forcibly at the age of 55 is arbitrary and unjustified. P.W. 1 is Prafulla Kumar Ghosh himself and he reiterates that there is no rule of the Company regarding the age of superannuation. He has also mentioned that the other workmen of the Company were retired at the age of 60. To give some examples he has mentioned that Bamapada Das retired at the age of 64, Amrita Lal Ghosh retired at the age of 62 and Sailendra Sannyal retired at the age of 60. On behalf of the Company, O.P.W. 1, S. K. Jwala, Senior Officer, has been examined. He has stated that the retiring age is 55, and the same was fixed by an award. In his cross-examination, however, he has admitted that the office of the Company has got no service rules, including rules regarding retirement. Ext A/1 is the award referred to by O.P.W. 1. That is an award of 1950. This award contains that a man should retire on completing 55 years. It seems that the Company relies on this award as the justification for retirement at the age of 55. But the foundation for this contention is the assumption that the award of 1950 still subsists. In my view, that award has no force. It has to be remembered that the Act originally did not contain any provision as to the subsistence of the award even after the specified period, if not terminated. Under the original provision of the Act, an award had a certain span of life and it automatically expired after that. Therefore, reference to Ext. A/1 is futile. But there is another point which stands in the way of the Tribunal's granting any relief in this matter. The pertinent question here is whether any dispute was raised before the management concerned. I have examined carefully the records and I am unable to persuade myself to accept that any such dispute was raised earlier. I would refer to Ext. 2, the letter, dated the 8th of October 1968, from the workman concerned to the Company. It is interesting to note the points raised by the workman at that time. The burden of the contention of the workman then was that he was served with a notice without giving one full calender month, that nothing was mentioned about his Puja Bonus, that it was silent regarding the amount in lieu of Privilege Leave, that it did not mention anything regarding his Provident Fund and that it was equally silent regarding his gratuity. So, it is abundantly clear that the workman was complaining regarding short notice, bonus, etc., but never raised a point that his retirement was premature. That being the position, it is impossible to import something in the letter which is not there. There is no evidence, as contained in contemporaneous documents, that he raised a dispute regarding the so-called premature retirement. Rather, the contrary inference is quite legitimate and it is that he did not feel aggrieved because of retirement at that age, but was making grievance regarding the dues on retirement at that age. Once it is held that the dispute was not raised before the management, the Tribunal must desist from giving him any relief on that count. The position in law is quite clear and I refer to the well known Sindhu Resettlement Case reported in 1968 (1) LLJ. 834. At page 839, His Lordship has observed that a mere demand to a Government, without a dispute being raised by the workmen with their employer, cannot become an industrial dispute. That exactly is the position here. On behalf of the workman reference has been made to Ext. 9, dated 6th September 1969. That is a letter to the Labour Commissioner from the workman concerned, and there some objection was raised regarding the age of retirement. But I have just now quoted the Supreme Court decision to demonstrate that raising a point before the Labour Commissioner or the Government at a later stage cannot do away with the requirement of moving the management at the earlier stage. As I have found that the workman did not raise any dispute over this point earlier, no relief can be granted

to him in so far. The reference to that extent is also not valid, and the Tribunal has no jurisdiction to give him relief regarding that matter. And that also disposes of the preliminary points regarding the validity of the reference. However, the reference as a whole is not invalid, but only that part of the reference relating to retirement or termination of service of Prafulla Kumar Ghosh is invalid. It does not shut the other reliefs that the workman can get as retiral benefits. Now, I consider the reliefs that the workman has claimed and that he can get. Ext. 3 contains the reliefs claimed by the workman. First he claims compensation at certain rate. In my view, there is no question of compensation if the Tribunal cannot interfere with the order of the Company regarding retirement. The workman also claims one month's notice pay. That claim also is not sustainable. Next the workman has claimed increment at Rs. 5 per month for certain months. The learned Advocate for the workman has submitted that he does not press for that relief. So that also goes. The claim for increased dearness allowance for certain months is also not pressed. Then there is an item of compensation for the period not served till the attainment of 60. In course of arguments the learned Advocate for the workman has submitted that he reduces the claim to the age of 58. I find that the workman cannot get any compensation at all on this account because the order of retirement itself cannot be touched. Now, there remains only one more item of claim, and that is on account of gratuity. I find that this claim is quite justified as it is in accordance with the terms of settlement award, Ext. A. So, the workman can get the sum of Rs. 3,264 as gratuity for 24 years at Rs. 272 per month at 15 days per year. So, my award is that the workman Prafulla Kumar Ghosh is to get Rs. 3,264 as gratuity. He is not entitled to get any other relief.

This is my award.
